

The Yare Education Trust Data Retention Policy

September 2020

Statement of Intent

The Yare Education Trust is committed to maintaining the confidentiality of its information and ensuring that all records within our schools are only accessible by the appropriate individuals. In line with the requirements of the General Data Protection Regulation (GDPR), the schools also have a responsibility to ensure that all records are only kept for as long as is necessary to fulfil the purpose(s) for which they were intended.

The Trust has created this policy to outline how records are stored, accessed, monitored, retained and disposed of, in order to meet the school's statutory requirements.

2.2. The Headteacher/Principal holds overall responsibility for this policy and for ensuring it is implemented correctly.

- 2.3. The Chief Privacy Officer is responsible for the management of records at an individual school.
- 2.4. The Chief Privacy Officer in each school is responsible for promoting compliance with this policy on an annual basis. The Trust's Acting Chief Executive Officer is responsible for reviewing this policy, in conjunction with the Trustees.
- 2.5. The Chief Privacy Officer in each school is responsible for ensuring that all records are stored securely, in accordance with the retention periods outlined in this policy, and are disposed of correctly.
- 2.6. All staff members are responsible for ensuring that any records for which they are responsible for (including emails) are accurate, maintained securely and disposed of correctly, in line with the provisions of this policy.

3. Management of Pupil/Student Records

- 3.1. Pupil/student records are specific documents that are used throughout a pupil's/student's time in the education system – they are passed to each school that a pupil/student attends and include all personal information relating to them, for example, date of birth, home address, as well as their progress and achievement.
- 3.2. The following information is stored on a pupil/student record, and will be easily accessible (either in paper or electronic format):
 - Forename, surname, gender and date of birth
 - Unique pupil number
 - Note of the date when the file was opened
 - Note of the date when the file was closed, if appropriate
 - Ethnic origin, religion and first language (if not English)
- 3.3. The following information is stored on a pupil/student record, and will be easily accessible (either in paper or electronic format):
 - Any preferred names

 - Name of the school, admission number, the date of admission and the date of leaving, where appropriate
 - Any other agency involvement, for example speech and language therapist
 - Reference to any other linked files

3.4. The following information is stored in a pupil/student record, and will be easily accessible (either in paper or electronic format):

- Admissions form

- Data collection or data checking form

- Any correspondence with parents or external agencies relating to major issues, for example, mental health
- Notes indicating that records of complaints made by parents or the pupil/student

3.5. The following information is subject to shorter retention periods and, therefore, will be stored separately in a personal file for the pupil/student by the member of staff responsible:

- Attendance registers and information
- Absence notes and correspondence
- Parental and, where appropriate, pupil/student consent forms for educational visits, photographs and videos, etc.
- Accident forms – forms about major accidents will be recorded on the pupil/student record

 - 3.7 Hard copies of complaints made by parents or pupils/students are stored in a file in the Headteacher's/Principal's office – a note indicating this is marked on the pupil's/student's file.
 - 3.8 Actual copies of accident and incident information are stored separately on the school's management information system and held in line with the retention periods outlined in this policy – a note indicating this is marked on the pupil's/student's file. An additional copy may be placed in the pupil's/student's file in the event of a major accident or incident.
 - 3.9 The school will ensure that no pupil/student records are altered or amended before transferring them to the next school that the pupil/student will attend.
 - 3.10 The only exception to the above is if any records placed on the pupil's/student's file have a shorter retention period and may need to be removed. In such cases, the Chief Privacy Officer responsible for disposing records, will remove these records.
 - 3.11 Electronic records relating to a pupil's/student's record will also be transferred to the pupils'/students' next school. Section 12 of this policy outlines how electronic records will be transferred.
 - 3.12 (Primary schools only) The school will not keep any copies of information stored within a pupil's record, unless there is ongoing legal action at the time during which the pupil leaves the school. The responsibility for these records will then transfer to the next school that the pupil attends.
 - 3.13 (Secondary schools and sixth form colleges only) If any student attends the school until statutory school leaving age, the school will keep the student's records until the student reaches the age of 25 years.
 - 3.14 The school will, wherever possible, avoid sending a pupil/student record by post. Where a pupil/student record must be sent by post, it will be sent by registered post, with an accompanying list of the files included. The school it is sent to is required to sign a copy of the list to indicate that they have received the files and return this to the school.

- 11.2. Wherever possible, the school uses pseudonymisation, also known as the 'blurring

technique', to reduce the risk of identification.

- 11.3. Once an individual has left the school, if identifiers such as names and dates of birth are no longer required, these are removed or less specific personal data is used, e.g. the month of birth rather than specific date – the data is blurred slightly.
- 11.4. Where data is required to be retained over time, e.g. attendance data, the school removes any personal data not required and keeps only the data needed – in this example, the statistics of attendance rather than personal information.

12. Storing and Protecting Information

The person taking the information from the school premises accepts full responsibility for the security of the data.
- 12.19. If documents that have been taken off the school premises will be left unattended, the staff member will leave the documents in the locked boot of a car or keep them on their person.
- 12.20. A record will be kept of any document that is taken off the school premises that logs the location of the document and when it is returned to the school site, this includes records that are digitally remotely accessed.
- 12.21. Before sharing data, staff always ensure that:
 - They have consent from data subjects to share it.
 - Adequate security is in place to protect it.
